Dear Anand,

We just returned from our fascinating trip to India for our very first time. By this letter we want to admit the "Holy India Travels" company and you in personal for the fantastic work you did. Our visit to India was carefully planned according to all our wishes from the very early stage till last day before travel. All our e-mails was answered without any delay and we received every information we needed.

During our visit all works perfectly like a Swiss watch with no delay in the timing or in excursions in New Delhi, Rajasthan and in Himachal Pradesh.

We also wanted to send regards to our drivers- Manu in Delhi & Rajasthan, and Mehish in Himachal Pradesh for they work (the driving in Himachal Pradesh is a very hard job) not only as a driver but for they being a guide, organizer and a just good persons.

We want to assure you we will cordially recommend you and your company to all our friends. Again thank you a lot!

"Holy India Travels is the best travel company in India. They really take care as a good human being"

With love from Italy,

**Asthera Kisten, South Africa [Holiday in India](#)**

I am from South Africa. I used Holy India Travel company based in India, to book my holiday in India. They gave us excellent service and all bookings were done extremely efficiently. I traveled with my elderly mum and 8 year old daughter, we felt safe and comfortable with all our travel arrangements made through Holy India. I will definitely use them again when travel back to India on holiday. I highly recommend them.

**Priya Mohan, Canada [Comfortable visit](#)**

From the moment we decided to go to India to the day we returned home safely to Canada, the Holy India Travel Company was by our side, anticipating our needs and solving problems before we even knew we had any. Seema helped us personalize our family vacation to best suit the needs of our three young adults children and the two senior citizens traveling with us. With their help, we were able to comfortably and efficiently travel the north and south of India within 16 days. In each city, we were met at the airport and ushered into comfortable vehicles with knowledgeable drivers who also helped us do the things we wanted to do. We were met by tour guides along the way who helped us organize our days and find us amazing places where it was safe for foreigners to eat while still enjoying local culinary delights. Even once the trip had begun, Seema was able to make changes to our itinerary to suit our whims. My daughters briefly mentioned that they hoped to have henna done on their hands before they returned to Canada and the next thing we knew we were visiting a government textile store with a music room in the lower level. While my friend and I shopped, my husband was serenaded with live classical Indian music while my three daughters had henna expertly applied by a professional who Seema had arranged to have on hand. As well, Holy India helped us overcome language barriers. When we were traveling in the south, many of the people we needed to interact with did not speak Hindi or English. A quick text to Seema and she would intervene and help us get what we needed. We often felt that we must have been Seema's as only client as she was instantly available to us whenever we needed her for whatever reason.

We would highly recommend this company for multi-generational families traveling to India and we look forward to working with Holy India again to plan a trip further north in India and to

China.

Thank you Seema and Holy India Travel!
